No.	Description	Page No.
1.	Vendor Login page	1
2.	Home page	3
3.	Live Tender	4
4.	Live Auction	8
5.	Change Password	9
6.	Sign-out	10

1. Vendor Login page

It is the page from where Vendor can login. It is for authentication purpose. In this page there are two fields, "User Name" which is for user name and "Password", which is for password of user.

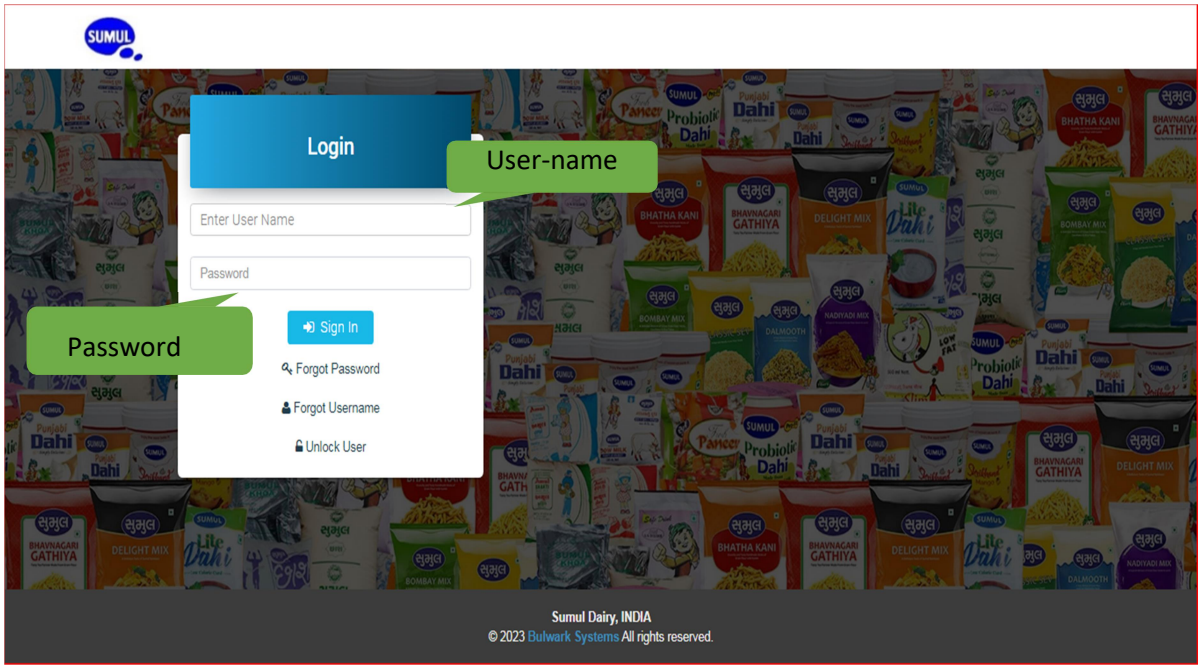

Figure 1.1: Login Page

For example, to login in Vendor account enter in "Vendor User ID" field "Vendor1" and in "Password" field "******" (password of Vendor account) then press "OK" button so, if entered Vendor User Id and Password is valid then access their account otherwise error message will generate.

If any Vendor forget "password" then click onto "Forget Password" link for further operation to get it back. If any vendor forgets "User Name" then clicks onto "Forget User Names" link for further operation to get it back. By clicking onto the "Unlock User" link, vendor can unlock the any user if rights are given.

Note: if any user enters wrong Vendor user id and/or password five times then that user account is block.

After successfully signing the page, on clicking the profile on the top right menu you will get two option:

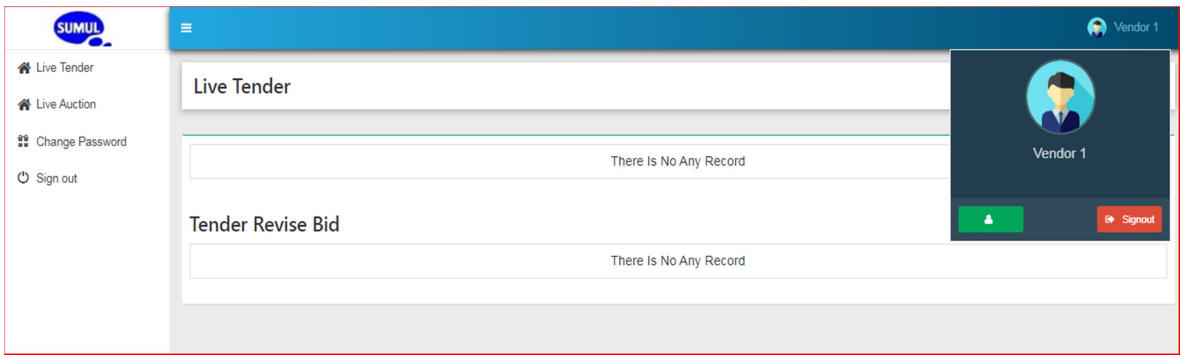

Figure 1.2: Home page

a) Sign out: Click the red box to securely log out from your account..
b). View profile: Click the green button to access and view detailed profile information on the page below.

To modify your profile information, navigate to the designated section where you can edit details such as vendor name, Email , and other relevant data. After making the necessary changes, click on the "Submit" button to save the updated information.

2. Home page:

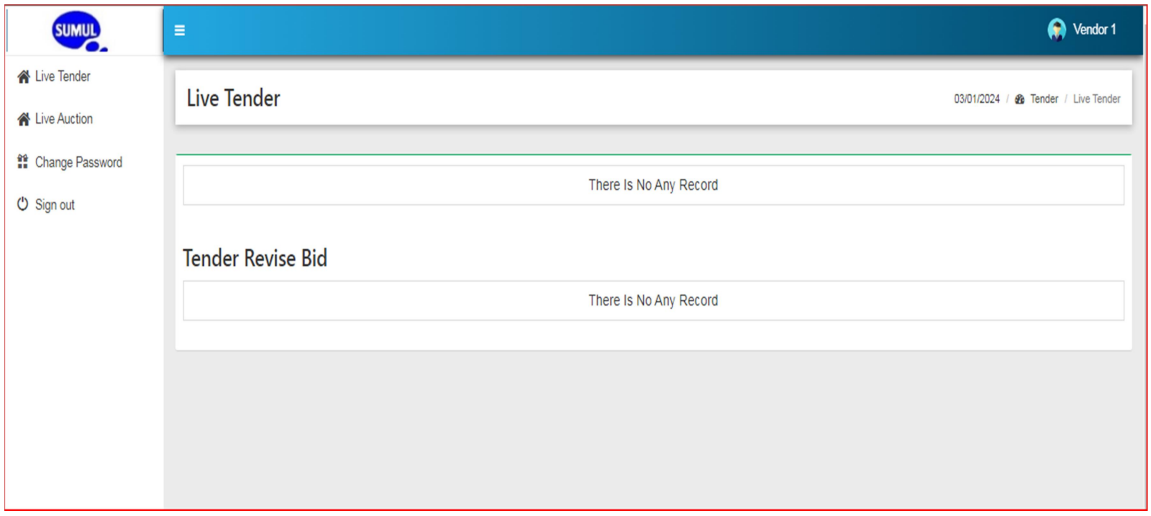

Figure 2.1: Vendor Home Page

Home page Consist of mainly three parts, at Top side of page there are menu through which user access different pages, at Middle of page Main content & at bottom of page there is other information.

In this menu there are following items

- Live Tender
- Live Auction
- Change Password
- Sign Out

3. Live Tender

When the vendor clicks on "Live Tenders" in the menu bar, it will direct them to the homepage specifically dedicated to live tenders. This page provides a comprehensive overview of currently active tenders, allowing vendors to stay informed about ongoing opportunities.

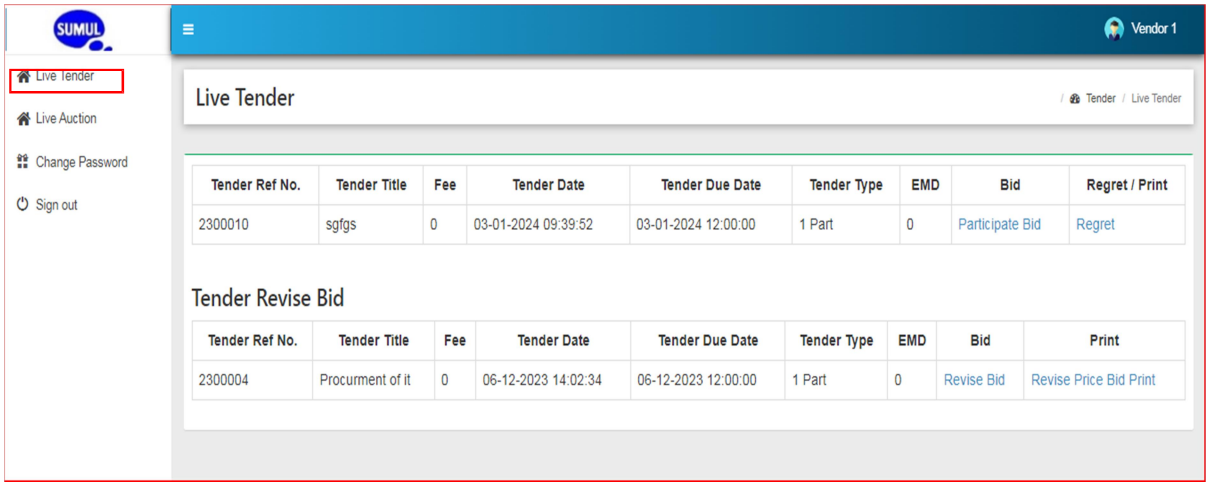

Figure 3.1: Live Tender Page

It has lists of “Live Tenders” and “Tender Revise Bid”

Live Tender: Vendors can actively participate by submitting bids. Click on the “Participate Bid” field and follow the provided guidelines for bid submission.

In “Live Tender” vendor can participate in Bid and Regret.

Apply Bid for Bid Tender:

When vendor apply for Bid Tender then vendor will see below page.

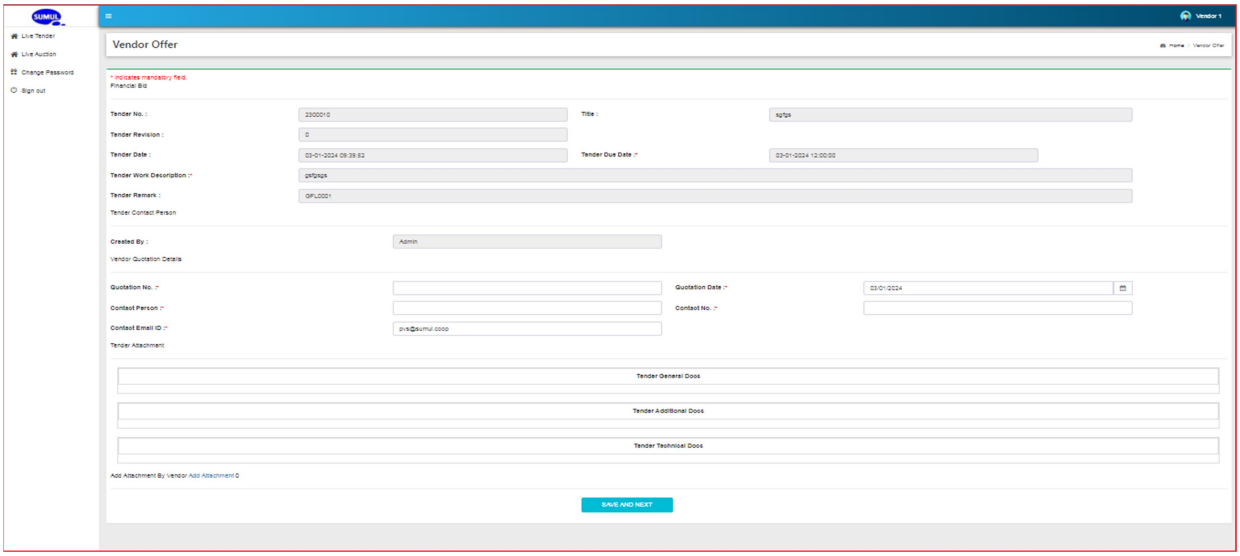

Figure 3.2: Providing Vendor Offer Information Page

After providing all the information click on the next page to proceed to next page. Before that user have to attach a file at the bottom of page. Following popup will come where user attach file.

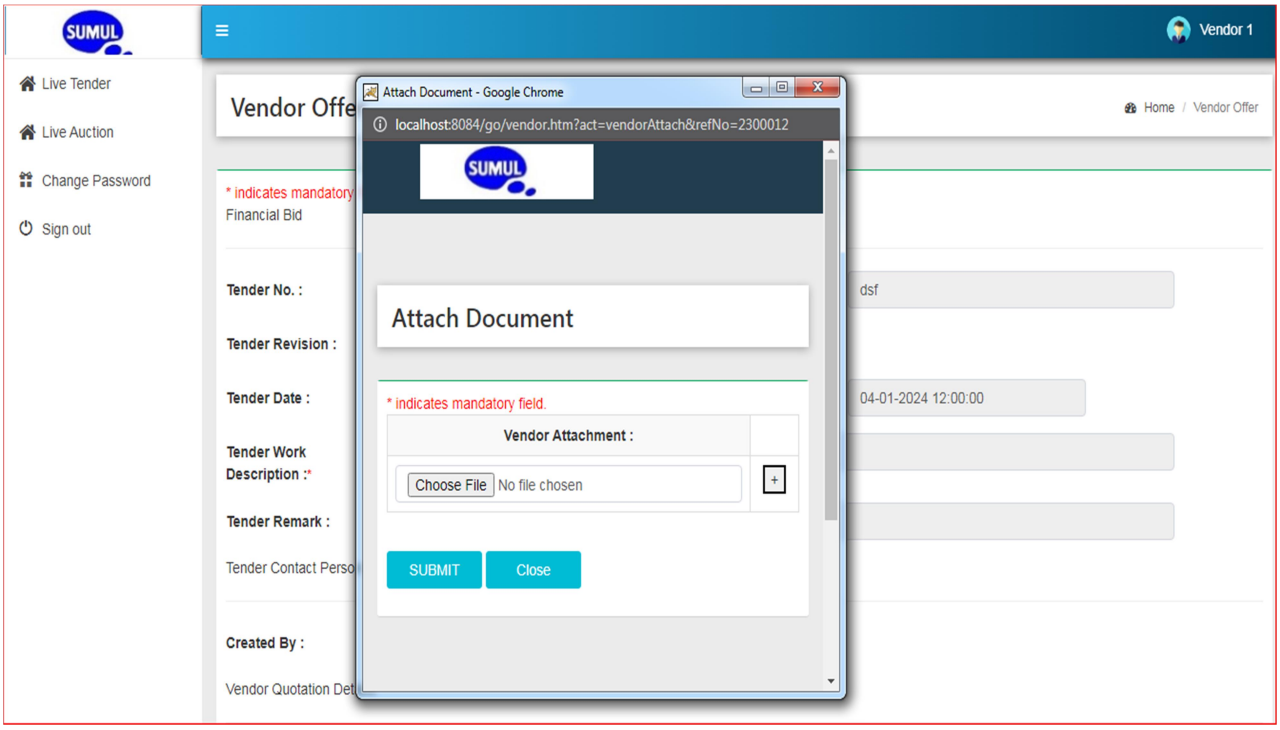

Figure 3.3: Attach Document

On clicking the “save and next” following page will display:

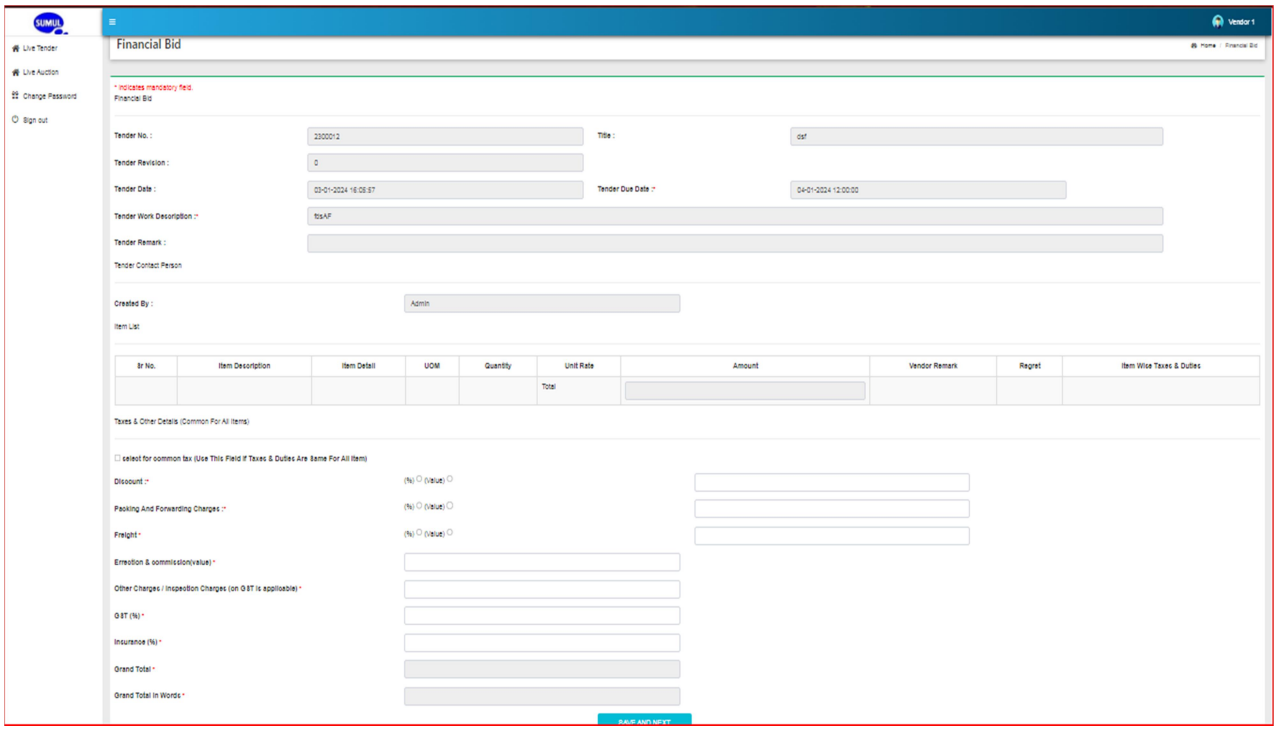

Figure 3.3: Attach Document

On clicking “regret”, following page will popup:

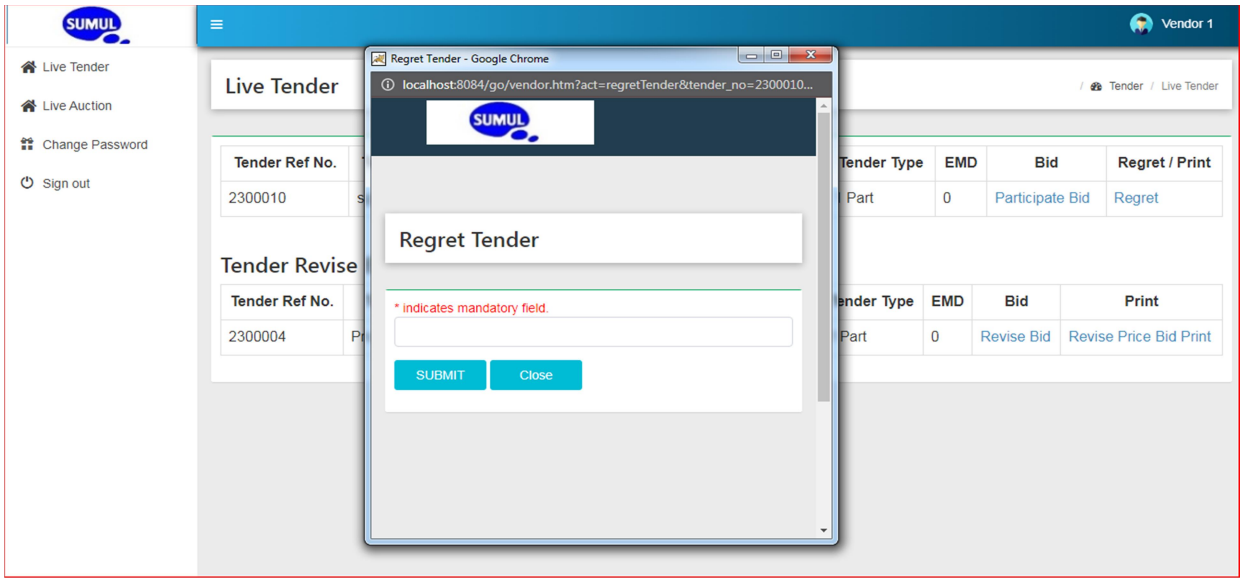

Figure 3.3: Providing Vendor Offer Information Page

Upon selecting "Live Tenders" in the menu bar, the homepage will present two key fields:

a) Live Tender: Explore and participate in active tenders by submitting bids or expressing regret.

b) Tender Reverse Bid: In this section, vendors have the ability to revise their submitted bids. Clicking on "Tender Revise Bid" will lead to a dedicated page where bid revisions can be made. Additionally, vendors can take a printout of the revised bid for documentation purposes.

c) Reverse Bid: On clicking "Revise Bid," vendors will be directed to the 'Financial Bid Page,' where they can make necessary adjustments to their bid details.

- **Financial Bid:**

In the above page Vendor should fill some Information like “offer no”, ”contact person”, ”contact number” and “email id”. After filling above information vendor should click on the “save & continue” button to go to the next page. If vendor click on the “back” button on the above page then vendor will see Home page.

If vendor click on the “save & continue” button then vendor will see below page.

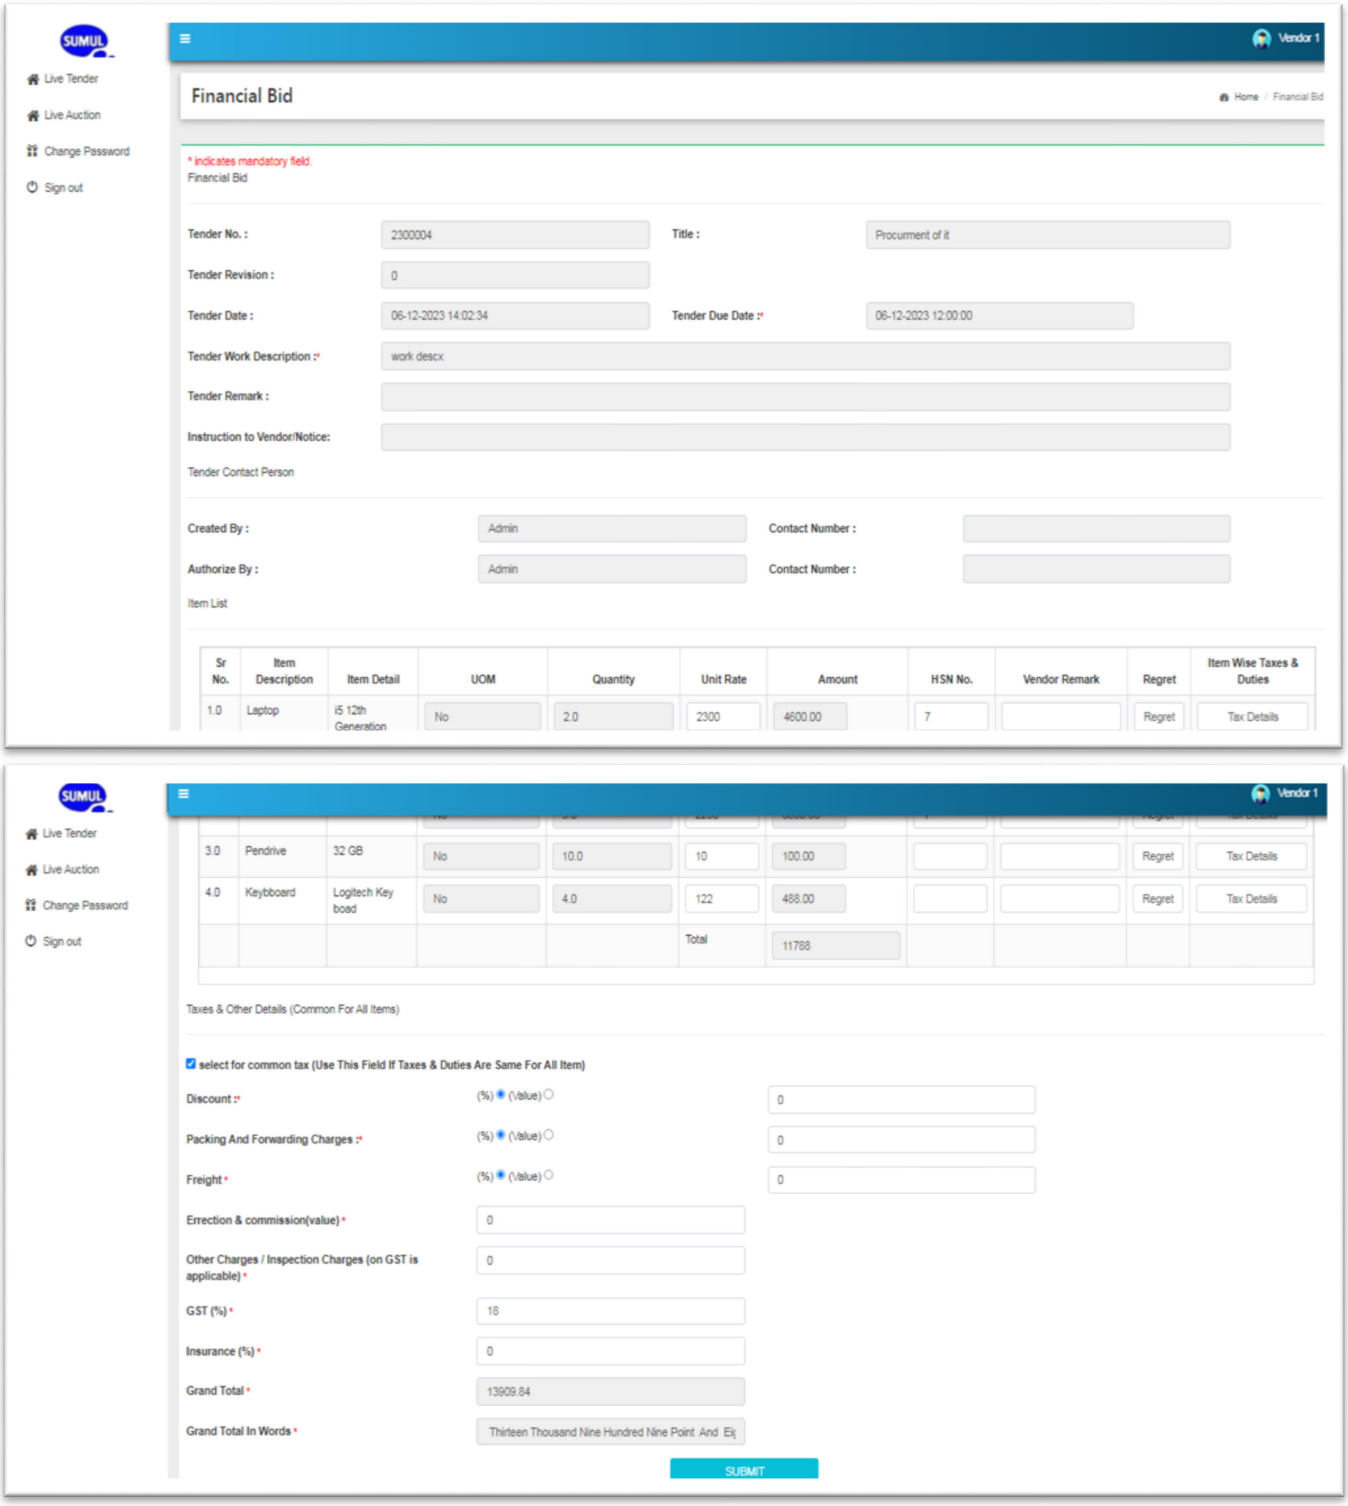

Figure 3.4: Providing Unit Rate and Taxes Page

- The above page shows following information about “item details” that is attached by user while creating tender. Vendor has to fill Unit Rate for individual items at column Unit Rate. Vendor can attach remark for individual items at “Vendor Remark” column.
- If vendor do not want to fill Unit Rate for particular item then vendor can click on “Regret” button. If Vendor wants to attach taxes for particular item then vendor can click on “Tax details” button. On Tax details page, vendor has to fill taxes for particular item.
- If “Tax details” for all items are same then vendor can select common tax for all items. On this field vendor can fill common taxes for all items.
- Vendor click on the “Submit” button to submit and come back to home page.

Now, on clicking the ‘print’ section user will able to take out the ‘revise price bid print’.

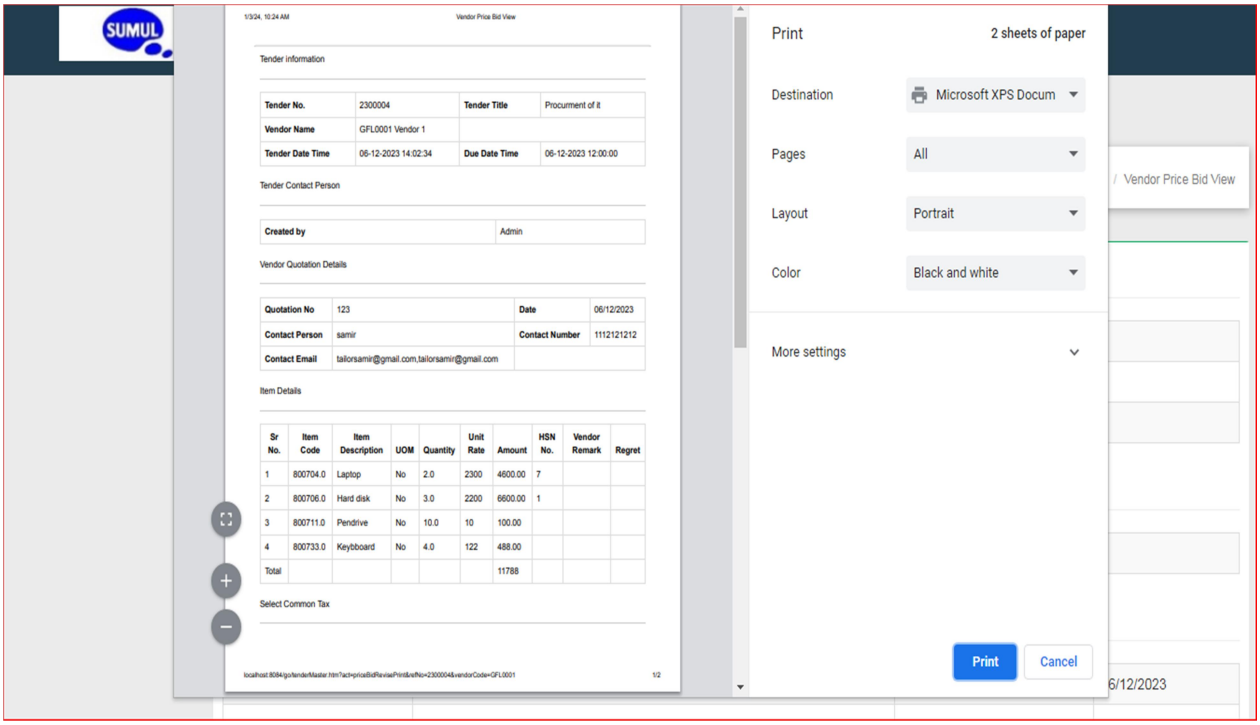

Figure 3.5: revise price bid print

4. Live Auction:
